They vary with the cycle and the mother tongue of the language section. Please check the documents on this Website under Inscriptions.

### **Are European schools open for children of parents who are not staff of European Institutions?**

Yes, they are, but the places available for other children are reduced in number and subject to specific rules.

The pupils of the European Schools are divided into three categories:

Category I: Pupils whose parents are members of the staff of or seconded to a European Institution or an assimilated organization. The employer must certify that the duration of the contract lasts for a minimum period of one year. These pupils are exempted from school fees.

Category II: Pupils whose parents are members of the staff of a company or an organization which has concluded a special agreement with the European schools and certifies that it will pay the school fees for the enrolled pupil.

Category III: Pupils whose parents do not belong to categories I or II and pay themselves the requested school fee. These pupils can be admitted if places are available and if they fulfil other conditions as defined by the school.

Normally there are few places available, especially in the French and English sections.

For more details check the documents under Inscriptions on this website.

### **What is the difference between the ES Luxembourg I and Luxembourg II?**

Two European schools exist in Luxembourg : Luxembourg I – Kirchberg and Luxembourg II – Bertrange/Mamer. Both follow the same curriculum and have the same administrative structure.

At the moment new buildings for the ES Luxembourg II are under construction at its future site in Bertrange/Mamer. For the time being, the school Luxembourg II only has the nursery and primary cycles and is located until 2012/2013 at Kirchberg next to the ES Luxembourg I. All pupils of the following mother tongues and sections are automatically enrolled in the ES Luxembourg II: Czech, Danish, Greek, Hungarian, Italian, Maltese, Romanian, Slovenian, and Slovakian. During its stay at Kirchberg, all its pupils of the 5<sup>th</sup>

primary year will be admitted to the secondary school of Luxembourg I, which takes care of all the language sections and classes of the ES Luxembourg II, until the move to the new site in 2012.

The ES Luxembourg I is located at Kirchberg and has the 3 cycles: nursery, primary, secondary. All the pupils of the following mother tongues and sections are automatically enrolled in the ES Luxembourg I: Bulgarian, Dutch, Estonian, Finnish, Latvian, Lithuanian, Polish, Portuguese, Spanish, and Swedish.

Both schools have an Anglophone (EN), Francophone (FR) and German speaking (DE) section and teach Irish. The pupils are directed to the one or to the other school, when they join the European schools of Luxembourg.

### ***How are the pupils of the DE, EN and FR section allocated to the two schools?***

In 2004, the parents and the School Directions set up rules for the allocation. Please check the document "Enrolment policy at the ES of Luxembourg" and the map on this website, under Inscriptions. The rules have been agreed by the Administration Boards.

This allocation is intended to be final so that complete classes or large groups of pupils, who know one another very well, will move together to the new school in 2012.

The parents may however submit during the month of April a written request to the Director of the school of their children asking for a change to the other school. If places are available, the directors might agree a transfer for the following school year.

All such requests relating to pupils in the nursery or primary cycles are dealt with by the Head of the school who deals with the transfers. Answers will only be given after all applications and promotions have been considered.

### ***When do the parents know if their child is admitted?***

Normally, all pupils of category I and II will be admitted; exceptions may exist for category II. Pupils of category III will only be admitted if places are available.

The final answers, including the class attribution, will only be sent out in July: category I and II as early as possible, category III before July 12<sup>th</sup>. Please do not call the school; the correct and complete processing of the data is very time-consuming. The school staff is instructed not to give individual feedback before all applications have been considered.

### **Does the school provide help for pupils whose language skills are not sufficient?**

The pupils (Students) Without A Language Section in the European schools of Luxembourg will normally be admitted to the DE, EN or FR section. The School will provide intensive “SWALS” help, as much and as long as needed, to make the integration as easy as possible. The School also provides Learning support for pupils in need. Please contact the class teacher. Mother tongues concerned: Bulgarian, Estonian, Latvian, Lithuanian, Slovenian, Romanian, Slovakian.

### **How are the school fees paid?**

Detailed information will be provided by the class teachers in September.

### **Does the school run a day nursery, a crèche?**

The ATSEE, i.e. the Parents' Transport Association takes care of these transports. Please check at <http://www.euroschool.lu/bus>

On Monday and Wednesday between 12 and 14 p.m., the pupils of the primary school eat in the school's refectory. Pupils can choose to eat the warm meal offered by the school or to bring along a snack from home and eat it in the refectory.

The meals are paid via a yearly or quarterly subscription system. The conditions and price details are handed out in class at the end of the school year or given to the new parents on due time. Pupils bringing along their own meal will pay a reduced fee for the service done by the canteen's provider [= private company].
